

Support the Los Gatos HS Robotics Team!

Our Mission: "To build and foster a student-led environment where students develop skills in STEM, leadership, business and collaboration - all crucial to drive innovation in society"

We are a student-led team that competes in the **FIRST Robotics Competition**. Each year we have two months to build an entire human-sized robot from scratch. We were founded with a strong belief in the importance of student leadership. All aspects of our team – designing, building, testing our robot, training members, fundraising, and hosting outreach events are coordinated by students. We have qualified for the **FIRST Championship in Houston** the past two seasons we've participated in, and hope to qualify again this upcoming season. Despite the struggles caused by the pandemic, we have returned in-person and are preparing for a typical competition season. We need your support to help us continue fostering STEM interest!

The Problem:

*We need to raise a lot of money as
Robotics is expensive*

Approximate Total Cost: \$45,000

(includes Competitions, Parts & Materials, Operations, & more)

**FIRST Championship Houston
(if we qualify): \$50,000 more**

We're also planning a raffle or auction some time this year to help raise funds for our team, and we're looking for businesses wishing to provide their goods or services as prizes. Let us know if you're interested!

Sponsorship Benefits:

Platinum Tier (\$5,000+):

Benefits:

- Premier Logo on Website, Pit Display, Team Shirts, and Robot
- Recognition in official team name announced at our competitions
- Robot Demonstration at Company Events
- Monthly updates on mailing list

Silver Tier (\$1,000-\$2,499):

Benefits:

- Logo on Website, Pit Display, and Team Shirts
- Monthly updates on mailing list

Gold Tier (\$2,500-\$4,999):

Benefits:

- Large Logo on Website, Pit Display, Team Shirts, and Robot
- Recognition in official team name announced at our competitions
- Monthly updates on mailing list

Bronze Tier (\$500-\$999):

Benefits:

- Logo on Website and Pit Display
- Monthly updates on mailing list
